About Publication House

Innovative Research Publications (IRP) is a fast growing international academic publisher that publishes International Journals in the fields of Engineering, Science, Management. IRP is establishing a distinctive and independent profile in the international arena. Our publications are distinctive for their relevance to the target groups and for their stimulating contribution to R&D. Our Journals are the products of dynamic interchange between Scientists, authors, publisher and designer.

Objectives:

- Publishing National and Internationals Journals, Magazine, Books and others in online version as well as print version to provide high quality and high standard publications in National and International Journals
- Organizing technical events i.e. Seminars, workshop, conferences and symposia etc. to expose knowledge of researchers
- Collaborating with educational and research organizations to expand awareness about R&D
- Helping to financial weak researchers to promote their researches at world level

Our Journals

1. International Journal of Scientific Engineering and Technology

ISSN : 2277-1581

Subject : Science, Engineering, Management and Agriculture Engineering

Last Date for submitting paper : 10th of each month

Web : www.ijset.com, Email : editor@ijset.com

2. International Journal of Engineering Research

ISSN : 2319-6890

Subject : Engineering

Last Date for submitting paper : 10th of each month

Web : www.ijer.in, Email : editor@ijer.in

International Journal of Engineering Research (IJER)

Volume 6 Issue 4
April 01, 2017

Editor in Chief

Dr. Arul Kumar Mariyappan

Innovative Research Publications

Gulmohar, Bhopal M.P. India

Ph.No. : +91-9752135004, Email : info@irpublications.org, Web : www.irpublications.org

International Journal of Engineering Research
